The CIBSE touch rugby tournament, sponsored by Lindab, proved a huge success with a number of new teams participating in this year's event.

Held once again at Coolmine RFC, the occasion was quite competitive but played out in a friendly and fun-filled atmosphere. It was all the more enjoyable that the evening was warm and dry.

The participating teams were divided into two pools with the winner of each pool playing each other in the final. JV Tierney dominated the pool stage with their two teams topping both pool A and pool B and playing each other in a fiercely contested final match. Fortunately, Michael McCarthy of Lindab was on hand to officiate at the final and ensure that order was maintained.

BBQ-style food was served pitch-side and it was noted that performances dipped as the food was prepared. It was obvious the fumes from the sideline clearly proved too much of a distraction for the less focused players.

CIBSE YEN Chair, Ryan Loney, and Vice Chair, Dylan Ryan, presented JV Tierney with the winners' trophy. It is understood that JV Tierney has now arranged for an open-top bus for the home coming. Date and time to be announced. On collecting the trophy JV Tierney captain Micheal Downey said that it was the proudest moment in the 75-year history of the company!

On behalf of CIBSE YEN we would like to say thanks Lindab for sponsoring the event and also Coolmine RFC, in particular club President, Shane Jennings, for his generosity in allowing CIBSE to once again use their club facilities.
